ANNUAL REPORT

OF THE

SCHOOL BOARD OF TOWN OF SURRY

FOR THE YEAR ENDING MARCH 1, 1887.

By a new law passed by the state in relation to schools, and their management, it becomes our duty to render an account of the condition of the common schools of this town, of which we have had charge during the past school year.

SCHOOL AT THE NORTH PART.

The summer term of school at the north part of the town was under the charge of Miss Nellie M. Graves of Walpole, a young lady of some experience as a teacher, and who seemed to desire the advancement of her scholars. Length of term, 8 weeks; wages of teacher, \$3 per week; price of board per week, \$2; whole number of scholars, 15.

ROLL OF HONOR.—J. Vinton Stillings, Sidney J. Wilder, Archie G. Wilder, Clinton E. Wilder, Bertha M. Perkins, Mabel Z. Hill.

Number of visitors during the term, 21; visits of school board, 4.

The fall term was under the instruction of Miss Mary E. Davis of Marlow, an experienced and very able teacher, who devoted herself to the advancement of her scholars with

a great deal of interest and energy, and the result was a successful term. The term was of 8 weeks' duration; wages of teacher \$3 per week; price paid for board per week, \$2; whole number of scholars, 14.

ROLL OF HONOR.—Ada B. Scripture, Louis H. Webster, Archie G. Wilder.

Number of visitors during the term, 34; visits of school board, 3.

The winter term was also taught by Miss Mary E. Davis, who fully sustained her well earned reputation as a teacher by her untiring efforts to assist and advance her scholars in their studies. Length of term, 8 4-5 weeks; wages of teacher \$4.50 per week; price paid per week for board, \$2; whole number of scholars, 10.

ROLL OF HONOR.—J. Vinton Stillings, Louis H. Webster, Dana D. Wilder, Sidney J. Wilder.

Number of visitors during the term, 5; visits of school board, 2; whole number of visitors during the year, 69.

This school sustains the high position that it has occupied for years, in regard to deportment and good scholarship. The first class in arithmetic during the fall term was especially noticeable, and the classes in physiology and grammar also were very good. The parents evidently take much interest in the school, and that almost invariably brings good results for all concerned.

SCHOOL AT THE CENTRE.

The summer term of the school at the Centre was taught by Mrs. S. W. Britton of Surry, a teacher of experience and ability, who succeeded remarkably well in teaching a good school. Length of term, 8 weeks; wages of teacher, including board, \$7 per week; whole number of scholars, 26.

ROLL OF HONOR.—Belle C. Blake, Lizzie E. Britton, M. Ethel Britton, Ada M. Cummings, Mabel H. Carpenter, Luna B. Wright. Absent one day, Ada F. Blake, Amy E. Bolster, Fred E. Carpenter.

Number of visitors during the term, 19 ; visits of School Board, 2.

The fall term was under the instruction of Miss Florence L. Johnson of East Wallingford, Vt., an experienced and very successful teacher, who taught an excellent school. Length of term, 8 weeks ; wages of teacher, \$6.50 per week ; cost of board, \$2.50 per week ; whole number of scholars, 24.

ROLL OF HONOR.—Alice Bolster, Fred Carpenter, Mabel Carpenter, Irvie Wilbur, Frank Blake.

Number of visitors during the term, 29 ; visits of School Board, 4.

The winter term was also taught by Miss Johnson, whose interest and energy was equal to all requirements, and the result was a successful term. Length of term, 9 weeks ; wages of teacher, \$8 per week ; cost of board, \$2.50 per week ; whole number of scholars, 31.

ROLL OF HONOR.—Nora Ordway, Chester Ordway, Irvie Wilbur, Persis Bolster, Alice Bolster, Fred Carpenter, Mabel Carpenter, Walter Bolster, Edward Britton, Lizzie Bolster.

Number of visitors during the term, 19 ; visits of School Board, 4 ; whole number of visitors during the year, 77.

We were gratified to note the interest manifested by the scholars in their recitations. Also the harmony, obedience, and good order which seemed to prevail among the pupils, both in and out of school. This led us to conclude that the parents were contributing their influence to aid and sustain the teacher in her arduous task in aiming to have a pleasant and profitable school, which we think was the result.

SCHOOL AT THE WEST PART.

The summer term of the school at the west part of the town was under the charge of Miss Arabelle E. Stearns of Gilsum, a length of 7 weeks. She seemed to have the power of interesting and keeping the attention of her pupils, and the improvement made was very satisfactory.

The fall term of 7 weeks, and the winter term of 10 weeks were both taught by Miss Stearns. By her untiring industry in and out of school, and showing a personal interest in the progress of each scholar under her care, she was very successful in both teaching and discipline.

Wages of teacher for the summer term, \$2.50 per week ; cost of board, \$2 per week ; whole number of scholars, 20.

ROLL OF HONOR.—Mabel H. Britton, May I. Mason, Cora E. Mason, Elva E. Mason, Bessie B. Crain, Della M. Wilbur, George Britton, Frank Mason, Walter E. Wilbur.

Number of visitors during the term, 24 ; visits of School Board, 1.

Wages of teacher for the fall term, \$3.50 per week ; cost of board, \$2 per week ; whole number of scholars, 20.

ROLL OF HONOR.—Mabel H. Britton, May I. Mason, Cora E. Mason, Elva E. Mason, Della M. Wilbur, Ola E. Britton, George E. Britton, Frank Mason, Walter Wilbur, Minnie Wilbur, Lorin E. Davis.

Number of visitors during the term, 9 ; visits of School Board, 2.

Wages of teacher for the winter term \$3.50 per week ; cost of board, \$2 per week ; whole number of scholars, 18.

ROLL OF HONOR.—May I. Mason, Cora E. Mason. Elva E. Mason.

Number of visitors during the term, 9 ; visits of school board, 2 ; whole number of visitors during the year, 47.

This part of the town has had the privilege of more weeks of school than they have had for a number of years, and we think it has been appreciated. We judge, from the interest the scholars have manifested in their studies, and the improvement they have made, and the parents expressing their approbation and interest taken in the school by nearly all being present at the closing exercises.

At the south part of the town are two scholars too young to be sent to the school at the centre. The parents wished to instruct them at home, and we thought best to allow them a suitable compensation for that purpose.

REMARKS OF SCHOOL BOARD.

We think the schools in town are in quite as prosperous a condition as at any time heretofore. The interest taken, and the harmony existing between parents, teachers and scholars, has been to improve and advance our schools. Without the parents' good influence, and a regular attendance of the scholars, no teacher can well succeed, however earnest and devoted.
